Nominator confirms the nominee meets the qualifications for induction into the Air Show Hall of Fame:

- The nominee is from a field related to the air show industry. This includes, but is not limited to pilots, stunt persons, announcers, designers, producers, builders and support service providers.
- The nominee does or did not have to be a member of the International Council of Air Shows (ICAS).
- The nominee made a contribution that had a significant impact upon the air show industry. The inductee's contribution may be demonstrated through showmanship, performance or innovation, and may encompass a single accomplishment or a body of work. These contributions must have already matured and be generally recognized as a significant achievement.
- The nominee entered the air show industry at least 10 years prior to the date of nomination. This means that 10 years must have expired since the person entered the air show business. It does not mean the person must have been in the air show business for 10 years.
- If the nominee is deceased, he or she must have passed at least one year prior to the date of nomination.
